

Friendly

You are full of joy,
It feels so nice when you are around.
When I am down, you cheer me up.

You are my Cygnus in the sky,
It guides me through the dark.
You're the best in the whole wide world.

You were once a stranger,
But when we became friends,
I knew our bond was going to stay forever.

You are my friendliest accompany,
And always look out for me,
You are always so friendly.
