

The segregation Era – 1900-1940

A little girl stands with her mother,  
Holding her hand  
Skipping  
Hair in pigtails  
Floppy bunny in demand

A little girl stands with her mother,  
She sees a different looking girl  
A new friend?  
She waves.

A little girl stands with her mother,  
A mother who pulls her away  
Embarrassed.

A little girl stands with her mother,  
*We cannot be friends with them*

A little girl walks over to the other girl, and holds her hand.
