

You are a part of me.

I feel like we met in the past and that we just knew before that we would be best friends.

Spending time with you makes my world feel beautiful.

We are like two peas in a pod.

If I didn't meet you I would be sad and all alone .

Without you by my side, my world is all gray

But even if I had the worst day you find a way to make it great.

Just talking to you can make the worst day

Feel like the best day even if it's just one simple call.

You're the part of me who pushes me to live my life.

Even if things aren't going as planned you always find a way to fix it.

You are one of the people who makes my world beautiful.

Without you, I feel like I don't want to do anything but with you I want to do it all.

When I'm with you I always feel happy on the inside.

Every time when I'm with you I feel amazing.
